

THE TRINITY SCHOOL

a part-time private school

Welcome to The Trinity School!

The Trinity School is a part-time private school. We are a Christ centered school, the foundation and starting point for everything we do and every decision we make. Here at Trinity we want each child to have an educational experience uniquely tailored and aligned to ensure student success at every level.

Teaching each student leadership skills by giving affirmations, empowering them to be student leaders, classroom management skills and accountability that creates self-managing, positive and trusting relationships between educator and student. This sets up each student for emotional, academic and social success in school and beyond.

Writing: Students develop writing skills through multi -sensory, play-based instruction. Students move, touch, feel and manipulate real objects as they learn correct habits and skills essential for fluid writing.

Reading: Reading begins with phonemic awareness activities, phonics, sight words and vocabulary development. Our curriculum combines grammar, spelling, vocabulary, writing and handwriting instruction

Science/ Stem: We bring experiments to life with hands on engagements that ignite a student's passion for Science/Stem.

Math: Our math curriculum is a complete, skill-based, multi-sensory mastery curriculum for grades K-12. So as we add grades they will continue building on the skills they have already mastered.

History/Bible: Our History curriculum for our beginning grades coincides with the Bible. We will combine these two subjects and start at the beginning.

We haven't forgotten about having fun!!! Playing and having fun is a huge part of learning. We will incorporate playing and learning into our academics, but we will also take multiple times during the day to have "free play" and "free center time". Of course the amount of time will be age/grade based. We will have indoor and outdoor time.

We recognize that in our community there are multiple educational choices for students. We also note that they are all unique to themselves and you should inquire about all their offerings and choose what is best for your child. Because there are multiple opportunities, we are honored and feel so blessed that you have inquired about The Trinity School. We believe every single child is a gift from God and they are uniquely formed for His glory. Each child at Trinity will be treated with love and respect. We value the family and our hopes are to partner with families to provide all children at Trinity the best and complete education they deserve. We also know that private education can be a sacrifice for families and we provide several options for tuition. We offer a \$250 discount if paid in full, monthly installments and offer credit card payments Let us know how we can provide the very best opportunity for your student.

Blessings,
Teresa Mick
